Rzav Arilje

Arilje

Arilje je jedna od deset opština Zlatiborskog okruga, koja se nalazi u zapadnom delu Srbije. Zahvaljujući geografskom položaju, darovitoj prirodi, vrednim i preduzimljivim ljudima Arilje je prepoznatljiv privredni i poljoprivredni kraj. Smešteno između slivova reke Moravice, Velikog i Malog Rzava, Arilje sa svojom okolinom i netaknutom prirodom predstavlja poželjnu turističku destinaciju. Rzav je posebno atraktivan leti jer je poznat po svojim plažama koje sve više privlače pažnju turista. Veliki broj uređenih plaža sa plažnim barovima, mobilijarom za decu i drugim pratećim sadržajima je tokom leta izuzetno posećena destinacija.

Arilje is one of the 10 municipalities of the Zlatibor Region, located in the western part of Serbia. Thanks to its geographical position, gifted nature and hardworking and enterprising people, Arilje is recognized as a notable economic and agricultural region. Situated between the basins of Arilje and its surroundings with untouched nature, represents a desirable tourist destination. The Rzav River is particularly attractive in the summer because it is known for its beaches, which are increasingly drawing tourists' attention. A large number of well-maintained beaches with beach bars, children's playgrounds, and other accompanying contents make it extremely popular destination during the summer.
